## Portugal Invitational

### The Els Club Vilamoura

**From the desk of Miller Brady** - I'm pleased to inform you that PGA TOUR Champions has announced a new event set to debut in 2026. The Portugal Invitational, in partnership with Arrow Global Group, Turismo de Portugal and Turismo de Algarve, will announce a five-year partnership to host the Portugal Invitational at The Els Club Vilamoura in Algarve, Portugal, with World Golf Hall of Fame member Ernie Els serving as official course designer and tournament host. The event – to be held July 31-August 2, 2026, the week after the ISPS Handa Senior Open – will mark the first PGA TOUR-sanctioned individual stroke play event to be held in Portugal and will feature a purse of \$3 million USD

## Constellation FURYK & FRIENDS

### Tournament Update

The Constellation FURYK & FRIENDS presented by Circle K announced that it will relocate to the Ocean Course at Hammock Beach Golf Resort & Spa in Palm Coast, Florida beginning in 2026 under a new multi-year agreement. The 2026 tournament will retain its traditional timeframe on the PGA TOUR Champions schedule. A Jack Nicklaus Signature Design, the award-winning Ocean Course features six holes overlooking the Atlantic Ocean - the most of any course in Florida. The venue has previously hosted the Ginn Championship (PGA TOUR Champions, 2007–2008) and the Ginn sur Mer Classic (PGA TOUR, 2008). This year's Constellation FURYK & FRIENDS returns to Timuquana Country Club in Jacksonville, Florida for the final year Sept. 29 – Oct. 5, 2025.

## Tuesday Night Mariners Baseball Game - Skybox

### Following the Pro-Am Draw Party

The Seattle Mariners will host the Chicago White Sox on Tuesday of tournament week (Aug 5)!

The tournament team will have the **Boeing Skybox** available for PLAYERS should they wish to attend.

PLAYERS may bring their Spouse/Significant Other.

The Korean Air Pro-Am Draw Party will be hosted at Lumen Field (Seattle Seahawks) Football Field starting at 5:00pm - after attending the Draw Party, the players will then be escorted by Player Relations over to the baseball stadium (adjacent to each other downtown). Player Relations will have your ticket and scan you through the gate. Game time is 6:40pm.

**PLAYERS may reserve their ticket with Tournament Director, Ryan Ingalls via email:**

## Transportation

**SPECIAL AVIS INCENTIVES** - The Boeing Classic has partnered with AVIS to eliminate the need to transfer or bus over to the consolidated rental facility for AVIS rentals.

In an effort to alleviate the challenges with rental cars, we have partnered with AVIS as our rental car partner. We highly recommend you book with AVIS to take advantage of these special incentives

Special AVIS PGA Tour Rates including insurance

AVIS rental cars will be delivered directly at the SEATAC Terminal Garage! This means you will not have to transfer to the offsite rental car facility. Simply meet our volunteers and walk across the skybridge to your car. We will have your keys and rental agreement. (For arrivals 8/6, 8/7, 8/8 and 8/9)

AVIS rental cars will be able to be returned directly to the SEATAC Terminal Garage – No bus transfer required. All other rental agencies are offsite requiring a bus transfer to the terminal. (8/11 and 8/12 Only)

Special dedicated exit lane at the airport only for AVIS vehicles rented by PGA Tour players and staff.

### Transportation

#### Airport Transportation

To schedule a pick-up from the airport, please fill out the 2025 Airport Pick-Up Request Form on LINKS or contact our Tournament Manager Graham Childs at [graham@rogerscharityclassic.com](mailto:graham@rogerscharityclassic.com) or (416) 587-0731.

#### Full-Service Player Transportation

Tournament Transportation Service is available all week for players and family members upon request. We have a dedicated phone line and a committed group of volunteers offering a full transportation service throughout the week. Please call the transportation line (phone number to be provided on Monday August 11) during tournament week at least one hour prior to the time you need a pick-up, or the night before if you need a morning pick-up. Alternatively, you can go to the Transportation Trailer on-site in the main parking lot to request transportation service.

#### Courtesy Cars

We will have a small inventory of courtesy cars available for approximately the top 20 players in the field based on the 2024 Charles Schwab Cup Money list. In early July, a tournament staff member will reach out to these players.

#### Rental Cars

If you're looking to book a rental car, please email [reservations@calgarybudget.com](mailto:reservations@calgarybudget.com)

Use code: BCD A05000 for a 10% daily discount on your rental. Taxes, additional options are extra.

If any players are looking to rent a car, we highly recommend taking advantage of our great rates ASAP as supply is limited. We have been told by rental car companies that inventory is fluctuating, so we encourage you to check back over the coming weeks. Please also keep our full transportation service in mind.

### Boeing Classic

#### 2025 Agronomy Report

Golf Course Superintendent: Ryan Gordon | PGA TOUR Agronomist: Chuck Green

The Club at Snoqualmie Ridge is in good condition and is expected to provide another year of quality playing conditions for the competition. The staff is presently completing the final agronomic tournament preparations. The Poa annua greens have full and consistent turf coverage and should have no problem reaching the target greenspeed. All fairway lines and collection areas around the greens are in the same location as last year. No course changes have been made to the golf course since last year's event.

##### Quick Facts:

The target greenspeed will be in the range of 12 - 12.5'.

The tees, fairways, and approaches will be mowed at 0.380 - 0.390 inch.

The primary rough will be maintained at 2 inches.

---

### Rogers Charity Classic

#### 2025 Agronomy Report

Golf Course Superintendent: Chris Nelson | PGA TOUR Agronomist: PJ Ringenberger

Canyon Meadows Golf and Country Club has emerged from winter and spring in good shape. As is typical, the dry climate continues into the summer months. The bentgrass greens continue to improve as Poa annua is being slowly and strategically removed from the surfaces to allow for a more pure stand of bentgrass. The greens are in great shape with good density and texture. The Poa annua/bentgrass fairways, approaches, and tees all boast 100% turf coverage and provide great surfaces for competition. All approaches and collars on the back nine were replaced last year with low-mow bluegrass and look very good. The bluegrass rough is in good condition.

##### Quick Facts:

The target greenspeed will be in the range of 12 - 13'.

The tees, fairways, and approaches will be mowed at 0.350 - 0.400 inch.

The intermediate rough will be mowed at 1 inch, and the primary rough will be maintained at 3 - 3.5

---

### The Ally Challenge

#### 2025 Agronomy Report

Golf Course Superintendent: Dylan MacMaster | PGA TOUR Agronomist: Mike Crawford, CGCS

Warwick Hills Golf and Country Club is in very good condition and is well-positioned to provide excellent playing conditions for the upcoming tournament. The bentgrass/Poa annua putting greens are densely covered and are expected to provide smooth and true putting surfaces. The cool-season tees, fairways, and approaches are densely covered and in very good condition. The non-irrigated cool-season rough is in good shape; however, if a pattern of extended heat or drought develops leading into the event, the rough could become less dense and somewhat inconsistent where it does not receive supplemental irrigation. Select trees have been removed and/or trimmed throughout the course to improve sunlight for turfgrass growth and health. No other changes have been made to the golf course since last year's event.

##### Quick Facts:

The target greenspeed will be near 12 feet.

The tees and approaches will be mowed at 0.375 inch, and the fairways will be mowed at 0.400 inch.

The intermediate rough will be mowed at 1 inch, and the primary rough will be maintained at 2.5 inches.
